UTM-40

ECO TONER SELF-MAILING MACHINE FOR DIGITAL PRINTERS

*Personalized mailing, school grade reports, staff payroll,
medical appointment, etc...*

The ECO TONER SELF-MAILER is an unique technology concept using digital toner to perform one-piece mailers without the need of pressure sensitive forms. The folder sealer, all-in-one, eliminates the need for envelopes or tabs and provides a much faster, cost effective solution to mail-ready pieces.

- **Direct From The Digital Printer.** The one-piece mailers will be printed on your printer and will then be loaded into the Eco-Toner Mailer to be folded (U-fold), sealed (three sides) and perforated (both sides).
- **Secure, Outgoing Mail-Ready Document:** The result is a completely secure, well bound mailer which provides a professional look.
- **Timely & Cost Effective Mailing Pieces:** In one machine and using the primer toner, the UTM-40 is a unique concept ideal for many applications such as personalized mailing, school grade reports, staff payroll, medical appointment, etc...
- **Perforated Section for Easy Opening:** A neat perforation will be performed on both sides in the cut-off area for easy opening.

Pressure seal forms

PRODUCT SPECIFICATIONS

Process Method:	Folding, toner heat sealing and side perforation
Feed Method:	Bottom friction feeding
	Load on the run
Paper Size:	210 mm (W) x 297 mm (L) (A4)
Type of Paper:	Coated paper
Paper Thickness:	From 100 to 180 gsm
Fold Method:	Tri-fold, (U-shape)
Speed:	About 1,500 sheets/h (depending on conditions)
Power requirement:	230V, 50Hz, 150W
Dimension:	560 mm (W) x 405 mm (D) x 330 mm (H)
